

Husband's Stock Redeemed
Basis Transfers to Wife

H and W, husband and wife, each own half of the stock of Corporation X. All of the stock was purchased by H for \$100,000 cash. In 1950 H gave one-half of the stock to W, the stock transferred having a value in excess of \$50,000. In 1955 all of the stock of H is redeemed for \$150,000, and it is determined that the distribution to H in redemption of his shares constitutes the distribution of a dividend. Immediately after the transaction, W holds the remaining stock of Corporation X with a basis of \$100,000.
