

**Cash D Reorganization
(De Minimis Ownership)**

4 Deemed Nominal Share Transfers

A, B, and C own 34%, 33%, and 33%, respectively, of the stock of T. The T stock has a fair market value of \$100x. A, B, and C each own 33% of the stock of S. D owns the remaining 1% of the stock of S. T sells all of its assets to S in exchange for \$100x of cash and immediately liquidates. For purposes of determining whether the distribution requirement of sections 368(a)(1)(D) and 354(b)(1)(B) is met, under paragraph (l)(2)(iii) of this section, D's ownership of a de minimis amount of stock of S is disregarded and the transaction is treated as if there is complete shareholder identity and proportionality of ownership in T and S. Because there is complete shareholder identity and proportionality of ownership in T and S, under paragraph (l)(2)(i) of this section, the requirements of sections 368(a)(1)(D) and 354(b)(1)(B) are treated as satisfied notwithstanding the fact that no S stock is issued. Pursuant to paragraph (l)(2)(i) of this section, S will be deemed to issue a nominal share of S stock to T in addition to the \$100x of cash actually exchanged for the T assets, T will be deemed to distribute all such consideration to A, B, and C, and the nominal S stock will be deemed transferred among the S shareholders to the extent necessary to reflect their actual ownership of S. The transaction qualifies as a reorganization described in section 368(a)(1)(D).
