

(i) S1 owns all of the T stock and T owns all of the stock of T1 and T2. S1 is the common parent of a consolidated group that includes T, T1, and T2. P makes a qualified stock purchase of all of the T stock from S1. S1 joins with P in making a section 338(h)(10) election for T and for the deemed purchase of T1. A section 338 election is not made for T2.

(ii) S1 does not recognize gain or loss on the sale of the T stock and T does not recognize gain or loss on the sale of the T1 stock because section 338(h)(10) elections are made for T and T1. Thus, for example, gain or loss realized on the sale of the T or T1 stock is not taken into account in earnings and profits. However, because a section 338 election is not made for T2, T must recognize any gain or loss realized on the deemed sale of the T2 stock. See § 1.338-4(h).

(iii) The results would be the same if S1, T, T1, and T2 are not members of any consolidated group, because S1 and T are selling affiliates.
